<b>Legend</b>						
"R." = "Recipe:"						
"Level" columns indicate the level to craft the item, and the character level or alchemy skill required (if any) to use the item.						
"random" means the recipe may drop from any creature in the area mentioned (a.k.a. "world drop")						
"various" means there is a list of specific creatures (too many to list here) that drop the recipe (see WoW databases)						
<b>Notes</b>						
These are the non-trainer Alchemy recipes only - see Alchemy Potions and Transmutations for full list of Alchemy Skills						
Vendor "Sell" prices with an asterisk (eg: *6g) indicate a limited supply.						
Mycah, the Sporeggar Quartermaster, accepts Glowcap Mushrooms (M) in lieu of currency.						
AH (Auction House) prices are rounded - they will vary greatly over time and between servers and factions						
Vendor prices are based on Neutral reputation and are 5-20% lower with reputation gains						
BoP (Bind on Pickup) items can be sold to a vendor but not at auction						
Potion of Curing was: Elixir of Poison Resistance						
Flask of Pure Death replaced Flask of Shadow Fortification in Patch 2.2						
Flask of Blinding Light replaced Flask of Arcane Fortification in Patch 2.2						
Cauldrons are "conjured" items, and disappear within 15 minutes of logging out. They will provide soulbound potions to party members; but only one can be held at a time - you can't cast a cauldron and then pick up 25 potions yourself.
