Notes				
We have yet to prove recipe/training lists, sources, or specialization requirements.				
Specialization selection is done by completing a quest from the Specialization Trainers after doing the Wild Leather quests				
Specialization requires level 55 and Leatherworking 250.				
Change of Specialization requires a visit to Narain Soothfancy, in the area of Steamwheel Port, Tanaris. Use the book on the table near him.				
Patch 2.03 2007/01/06: "all of the old blacksmithing/leatherworking recipes that required specialization no longer require it and can be made by any blacksmith/leatherworker" (what a truly appalling brain fart)				

Deprecated: Patch 2.0.3

The following recipes are Pre-Burning Crusade. They no longer require specialization, but we're hoping the recipe sources are the same
