Legend

Requirements: Faction, Level, Prerequisites; Unfriendly, Neutral, Friendly, Honored, Reversed, Exalted

N means Neutral or greater; =N means Neutral ONLY; <=60 means level 60 or possibly lower; >(F, 60) means some combination greater than (Friendly AND 60)

Quest Chains are numbered. Omitted numbers mean intermediate quests provide NO faction point rewards

Notes

The Scale of the Sands reputation starts at Neutral (0/3000). Entry to Mt. Hyjal instance requires Friendly, only attainable through "The Vials of Eternity"

As with many other end-game factions, players must choose from 4 rings, according to their class, at each reputation level.

eg: Sage's / Restorer's / Defender's / Champion's Vow at friendly.

Choosing the wrong ring can be disastrous. If you select the wrong ring for your class, you will only be able to correct your mistake when trading at Exalted.
